

Pom - poming along!

Congratulations and well done to all who have made pom poms for our church project. I hope like me this has helped to keep your spirits up at this time. I have been amazed at your kindness and although I do not wish to single anyone out I am delighted to have one gentleman engaging- I think there could be more? Keep me up to date with how you are doing.

Those of you working hard have asked the question what are the pom poms for and how many do you need?

We will need a lot because we plan to have a cone Christmas tree in the church porch made of pom poms!

This will become an amazing symbol of our hope and commitment. Although the future is uncertain, one thing we can do for now is to work towards the symbol of ongoing life and unity which will be displayed in our church porch for all to see whether or not we are able to gather together. Just as the pom poms are unique and made in different colours and textures it helps us to be mindful that we are all unique, beautifully made in God's image. Alone we can feel fragile but with God and the support of all our church family we can be reminded we are never alone.

You may like to pray as you make your pom-pom or why not make one each time you have a blessing to be grateful for? Your pom poms can be made with any wool, any colour combination, any size all will be welcome!

So, let's take up the church family challenge, all ages together, because the end result will be an amazing tribute to our time, skills, prayers and thankfulness that even in the darkest times we can serve together!

Happy Crafting! Hannah
