

Hello everyone,

It is with a rather heavy heart that we are writing to let you know that we feel it is necessary once again to close the doors of our Church building.

'Following the Government's announcement on 4 January regarding the national lockdown and subsequent revision of advice from each of our 'parent' denominations, the decision has been taken to close St John's for worship and all other in-person meeting until further notice. This is to take effect immediately.'

.

God bless you all,

*Adele & Annie*
