

Safeguarding All God's Children

Policies and Guidelines

At St. John's we're committed to keeping people safe.

We work within the safeguarding guidelines of the [Diocese of Newcastle](#) and the Church of England, adopting the National Safeguarding Policy [Promoting a Safer Church](#)

All of our members who work with children/young people or vulnerable adults are required to complete a confidential declaration, have references, a DBS check where appropriate, and attend safeguarding training.

Reporting Abuse and Finding Support

If you are concerned that a child or adult has been harmed or is at risk of harm, do not hesitate to contact us for advice and support.

Within St. John's you may contact our minister or safeguarding officer:
